

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lydia Rohn
DOCKET NO.: 20-00628.001-R-1
PARCEL NO.: 10-35-303-005

The parties of record before the Property Tax Appeal Board are Lydia Rohn, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,472
IMPR.: \$178,721
TOTAL: \$223,193

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,824 square feet of living area.¹ The dwelling was constructed in 1986. Features of the home include a basement with finished area, central air conditioning, a fireplace, an inground swimming pool, and a garage containing 928 square feet of building area. The property has an approximately 177,650 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in the same neighborhood code as the subject property. The appellant also submitted a Multiple Listing Services sheet for one of the comparables. The comparables were built in 1988 or 1996 and consist of two-story

dwellings ranging in size from 3,968 to 4,970 square feet of building area. Each dwelling has central air conditioning, one or two fireplaces, a basement, and a garage ranging in size from 888 to 1,018 square feet of building area. The parcels range in size from 45,198 to 76,666 square feet of land area. The comparables sold from June 2018 to December 2019 for prices ranging from \$514,000 to \$700,000 or from \$124.30 to \$140.85 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$192,941.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,193. The subject's assessment reflects a market value of \$670,451 or \$138.98 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 3,982 to 4,431 square feet of living area. The dwellings were built from 1977 to 1991. Each dwelling has central air conditioning, one or two fireplaces, a basement, and a garage ranging in size from 823 to 878 square feet of building area. Comparable #2 has an inground swimming pool. The parcels range in size from 87,050 to 109,320 square feet of land area. The comparables sold from June 2020 to December 2020 for prices ranging from \$541,500 to \$640,000 or from \$131.50 to \$144.44 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #1 due to its more remote sale date for valuation as of January 1, 2020.

The Board finds the best evidence of market value to be the remaining comparable sales. These most similar comparables sold for prices ranging from \$523,000 to \$700,000 or from \$131.50 to \$144.44 per square foot of living area, including land. The subject's assessment reflects a market value of \$670,451 or \$138.98 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence, and after considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
