

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Nelsen
DOCKET NO.: 20-00630.001-R-1
PARCEL NO.: 10-07-310-012

The parties of record before the Property Tax Appeal Board are Brandon Nelsen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,469
IMPR.: \$68,730
TOTAL: \$90,199

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and vinyl siding construction with 2,301 square feet of living area.¹ The dwelling was constructed in 2006. Features of the home include a basement, central air conditioning, a fireplace, and a garage containing 470 square feet of building area. The property has an approximately 8,610 square foot site and is located in Wauconda, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in the same neighborhood code as the subject property. The comparables were built from 2006 to 2009 and consist of two-story dwellings ranging in size from 2,434 to 2,632 square feet of living area. Each dwelling has

central air conditioning, a basement, and a garage ranging in size from 410 to 520 square feet of building area. Two of the comparables each have a fireplace. The parcels range in size from 8,629 to 9,087 square feet of land area. The comparables sold from August 2019 to May 2020 for prices of \$263,000 or \$270,000 or from \$102.58 to \$108.05 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$83,152.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,199. The subject's assessment reflects a market value of \$270,949 or \$117.75 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within the same neighborhood code as the subject property. The comparables consist of two-story dwellings of vinyl siding exterior construction ranging in size from 2,286 to 2,640 square feet of living area. The dwellings were built from 2005 to 2010. Each dwelling has central air conditioning and a garage ranging in size from 400 to 470 square feet of building area. Each dwelling has a basement with two having finished area. Two of the comparables each have a fireplace. The parcels range in size from 8,350 to 13,210 square feet of land area. The comparables sold from October 2019 to October 2020 for prices ranging from \$297,000 to \$315,000 or from \$112.84 to \$133.42 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to board of review comparables #1 and #2 due to their finished basements which is not a feature of the subject.

The Board finds the best evidence of market value to be the remaining comparables. These most similar comparables sold for prices ranging from \$263,000 to \$305,000 or from \$102.58 to \$133.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$270,949 or \$117.75 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence, and after considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
