

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dave Mellon
DOCKET NO.: 20-00643.001-R-1
PARCEL NO.: 10-13-302-009

The parties of record before the Property Tax Appeal Board are Dave Mellon, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,193
IMPR.: \$93,324
TOTAL: \$115,517

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 3,243 square feet of living area.¹ The dwelling was constructed in 1995. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 630 square feet of building area. The property has an approximately 13,180 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales. The comparables are located in the same neighborhood code as the subject property and were built from 1990 to 1995. The comparables consist of two-story dwellings ranging in size from 2,732 to 3,273 square feet of

living area. Each dwelling has central air conditioning, one fireplace, a basement, and a garage ranging in size from 441 to 672 square feet of building area. The parcels range in size from 10,001 to 18,552 square feet of land area. The comparables sold from Jul 2019 to June 2020 for prices ranging from \$198,500 to \$350,000 or from \$69.87 to \$106.94 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$114,575.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,321. The subject's assessment reflects a market value of \$370,445 or \$114.23 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted two sales grids with a total of nine comparable sales. For ease of reference, the comparables have been renumbered #1 through #9. The comparables are located in the same neighborhood code as the subject property and consist of two-story dwellings of vinyl siding exterior construction ranging in size from 2,672 to 3,352 square feet of living area. The dwellings were built from 1991 to 1997. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 441 to 684 square feet of building area. Comparables #2 and #3 each have an inground swimming pool and comparable #8 has a frame utility shed. The parcels range in size from 9,920 to 15,920 square feet of land area. The comparables sold from April 2019 to December 2020 for prices ranging from \$350,000 to \$400,000 or from \$119.24 to \$130.99 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of 15 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the board of review's comparables due to their finished basements and/or inground swimming pools when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable sales. These most similar comparables sold for prices ranging from \$198,500 to \$350,000 or from \$69.87 to \$106.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$370,445 or \$114.23 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence, and after considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
