

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Bennett
DOCKET NO.: 20-00645.001-R-1
PARCEL NO.: 10-13-307-012

The parties of record before the Property Tax Appeal Board are John Bennett, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,397
IMPR.: \$92,789
TOTAL: \$113,186

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and vinyl siding exterior construction with 2,946 square feet of living area.¹ The dwelling was constructed in 1995. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 525 square feet of building area. The property has an 8,712 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on January 11, 2019 for a price of \$340,000. The appellant reported that the seller was Wilmington Savings Fund Society, the parties to the transaction were not related, and the property was sold by the owner through a

Realtor with ReMax Suburban. The appellant also indicated the property was advertised for sale through the Multiple Listing Service for a period of 120 days. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,175. The subject's assessment reflects a market value of \$351,983 or \$119.48 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the same neighborhood as the subject property. The comparables consist of two-story dwellings of vinyl siding exterior construction ranging in size from 2,674 to 2,930 square feet of living area. The dwellings were built in 1995 or 1996. Each dwelling has central air conditioning, a fireplace, a basement with finished area, and a garage ranging in size from 440 to 703 square feet of building area. The parcels range in size from 8,710 to 11,330 square feet of land area. The comparables sold from August 2019 to March 2020 for prices ranging from \$348,000 to \$356,900 or from \$119.28 to \$133.47 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2019 for a price of \$340,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with the Multiple Listing Service and it had been on the market for 120 days. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$340,000 as of January 1, 2019. Since market value has been determined the 2020 three-year average median level of assessment for Lake County of 33.29% shall apply. 86 Ill.Admin.Code §1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
