

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bob Spytek
DOCKET NO.: 20-00669.001-R-1
PARCEL NO.: 10-18-203-012

The parties of record before the Property Tax Appeal Board are Bob Spytek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,816
IMPR.: \$75,900
TOTAL: \$99,716

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,676 square feet of living area.¹ The dwelling was constructed in 2012. Features of the home include an unfinished basement, central air conditioning, and a garage containing 400 square feet of building area. The property has an approximately 9,550 square foot site and is located in Wauconda, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales and a Multiple Listing Service sheet for one of the comparables. The comparables are located in the same neighborhood code as the subject property and were built from 2006 to 2010. The comparables consist of two-story

dwelling ranging in size from 2,435 to 3,016 square feet of living area. Each dwelling has central air conditioning, a basement, one of which has finished area,² and a garage ranging in size from 410 to 567 square feet of building area. Comparables #3 and #4 each have a fireplace. The parcels range in size from 9,387 to 11,404 square feet of land area. The comparables sold from March 2019 to July 2020 for prices ranging from \$280,000 to \$350,000 or from \$95.70 to \$117.81 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$94,543.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,716. The subject's assessment reflects a market value of \$299,537 or \$111.93 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparables are located in the same neighborhood code as the subject property. The comparables consist of two-story dwelling of vinyl siding exterior construction ranging in size from 2,640 to 2,795 square feet of living area. The dwellings were built from 2008 to 2013. Each dwelling has central air conditioning, a basement, two of which have finished area, and a garage with 400 or 540 square feet of building area. The parcels range in size from 9,370 to 14,440 square feet of land area. The comparables sold from July 2019 to October 2020 for prices ranging from \$301,000 to \$340,000 or from \$114.02 to \$126.11 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #6 along with board of review comparables #2 and #4 due to their finished basements which is not a feature of the subject.

The Board finds the best evidence of market value to be the remaining comparables. These most similar comparables sold for prices ranging from \$280,000 to \$316,500 or from \$95.70 to \$114.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$299,537 or \$111.93 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence, and after

considering adjustments to the best comparables for differences, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
