

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathryn Skuble
DOCKET NO.: 20-00742.001-R-1
PARCEL NO.: 04-07-406-021

The parties of record before the Property Tax Appeal Board are Kathryn Skuble, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,807
IMPR.: \$36,016
TOTAL: \$37,823

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of brick exterior construction with 900 square feet of living area. The dwelling was constructed in 1987. Features of the home include a lower level with finished area, central air conditioning, and a 200 square foot garage. The property has a 2,244 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.23 of a mile from the subject property. The parcels range in size from 7,401 to 8,838 square feet of land area and are improved with split-level homes¹ ranging in size from 811 to 1,039 square feet of living area. The dwellings were built from 1978 to 1991. Each home has a lower level, central air

¹ Although the grid analysis describes these comparables as 1-story homes, the appellant stated in a brief that these properties are split-level homes with lower levels.

conditioning, and a garage ranging in size from 528 to 672 square feet of building area. One home has a fireplace. The comparables sold from March 2019 to July 2020 for prices ranging from \$140,000 to \$159,900 or from \$136.99 to \$188.66 square feet of living area, including land.

The appellant submitted a brief contending that comparable #3 was recently rehabbed as depicted in a listing sheet for this property presented by the appellant.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$35,996 which would reflect a market value of \$107,999 or \$120.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,823. The subject's assessment reflects a market value of \$113,617 or \$126.24 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparables #1 and #2 are the same properties as the appellant's comparables #4 and #1, respectively. The comparables are located within 0.23 of a mile from the subject property. The parcels range in size from 2,910 to 8,510 square feet of land area and are improved with split-level homes of brick or vinyl siding exterior construction ranging in size from 794 to 1,022 square feet of living area. The dwellings were built from 1987 to 1991. Each home has a lower level with finished area, central air conditioning, and a garage ranging in size from 200 to 576 square feet of building area. The comparables sold from March 2019 to November 2020 for prices ranging from \$110,000 to \$153,000 or from \$124.44 to \$188.66 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparable #1/board of review's comparable #2, the appellant's comparables #2 and #3, the appellant's comparable #4/board of review's comparable #1, and the board of review's comparable #5, which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of market value to be the and the board of review's comparables #3 and #4, which are identical or similar to the subject in dwelling size, lower level

finished area, age, location, garage size, and features, although these properties have larger lots than the subject. These most similar comparables sold in July and November 2020 for prices of \$112,000 and \$130,000 or \$124.44 and \$144.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$113,617 or \$126.24 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
