

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Jimenez  
DOCKET NO.: 20-00773.001-R-1  
PARCEL NO.: 13-16-307-041

The parties of record before the Property Tax Appeal Board are Richard Jimenez, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,083  
**IMPR.:** \$117,660  
**TOTAL:** \$142,743

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,482 square feet of living area. The dwelling was constructed in 1968 and is approximately 52 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a 500 square foot attached garage. The property has an approximate 40,610 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .43 of a mile from the subject property. The comparables are improved with two-story dwellings of brick, wood siding or aluminum siding exterior construction ranging in size from 2,233 to 3,216

square feet of living area. The dwellings range in age from 50 to 54 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, one fireplace and an attached garage ranging in size from 504 to 588 square feet of building area. The comparables have improvement assessments that range from \$90,953 to \$143,638 or from \$37.71 to \$44.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$101,824 or \$41.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,743. The subject property has an improvement assessment of \$117,660 or \$47.41 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .35 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,275 to 2,580 square feet of living area. The dwellings were built from 1968 to 1972 with comparable #2 having an effective built date of 1972. Each comparable has an unfinished full basement, central air conditioning, one fireplace and an attached garage ranging in size from 504 to 1,176 square feet of building area. Comparables #1, #2 and #4 also have wood decks. The comparables have improvement assessments that range from \$114,198 to \$118,543 or from \$45.95 to \$50.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 due to its significantly larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and some features; however, six comparables lack finished basements which is a feature of the subject and two comparables have wood decks which the subject lacks. Nevertheless, these comparables have improvement assessments ranging from \$90,953 to \$118,543 or from \$37.71 to \$50.20 per square foot of living area. The subject's improvement assessment of \$117,660 or \$47.41 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
