

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marc Collins
DOCKET NO.: 20-00786.001-R-1
PARCEL NO.: 13-12-101-006

The parties of record before the Property Tax Appeal Board are Marc Collins, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,811
IMPR.: \$139,994
TOTAL: \$184,805

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,726 square feet of living area. The dwelling was constructed in 1992 and is approximately 28 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 936 square foot garage. The property has an approximately 105,118 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 1.35 to 3.20 miles from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,541 to 3,092 square feet of living area. The dwellings range in age from 31 to 54

years old. Each home has a basement, three of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 440 to 888 square feet of building area. The comparables have improvement assessments ranging from \$107,844 to \$136,766 or from \$34.88 to \$48.53 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$115,650 or \$42.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,805. The subject property has an improvement assessment of \$139,994 or \$51.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.07 of a mile to 1.46 miles from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,625 to 2,966 square feet of living area. The dwellings were built from 1987 to 1989. Each home has a basement, four of which have a recreation room, central air conditioning, one or two fireplaces, and a garage ranging in size from 680 to 1,214 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$128,052 to \$151,699 or from \$48.78 to \$52.27 per square foot of living area.

The board of review also submitted a brief contending that the appellant's comparable are located from 1.35 to 3.2 miles from the subject and that the board of review's comparables, which support the subject's improvement assessment, are located from 381 feet and on the same block to 1.46 miles from the subject.

Based on this evidence and argument, the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are located more than one mile from the subject. The Board gives less weight to the board of review's comparable #4, due to its inground swimming pool which is not a feature of the subject. The Board gives less weight to the board of review's comparable #5, which does not have finished basement area like the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #3, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$128,052 to \$151,699 or from \$48.78 to \$52.27 per square foot of living area. The subject's improvement assessment of \$139,994 or \$51.36 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
