

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arthur Schuenemann
DOCKET NO.: 20-00848.001-R-1
PARCEL NO.: 10-35-202-002

The parties of record before the Property Tax Appeal Board are Arthur Schuenemann, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,350
IMPR.: \$132,488
TOTAL: \$163,838

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick siding exterior construction with 3,524 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace, and a 966 square foot attached garage. The property has an approximate 40,499 square foot site and is located in Uninc, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within one mile from the subject. The comparables are improved with two-story dwellings of vinyl, brick or wood siding exterior construction ranging in size from 3,280 to 4,092 square feet of living area. The dwellings range in age from 30 to 34 years old. The comparables each have an unfinished

basement, central air conditioning, one or two fireplaces, and an attached garage that ranges in size from 665 to 1,073 square feet of building area. The comparables have improvement assessments that range from \$103,158 to \$132,754 or from \$31.45 to \$34.14 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$116,380 or \$33.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,838. The subject property has an improvement assessment of \$132,488 or \$37.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .30 of a mile from the subject. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,442 to 3,688 square feet of living area. Each comparable has a full basement with finished area, central air conditioning, from one to three fireplaces and an attached garage that ranges in size from 600 to 978 square feet of building area. The board of review reported that comparable #1 has other improvements including a plastic liner pool and gazebo. The comparables have improvement assessments ranging from \$123,291 to \$142,519 or from \$33.91 to \$38.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling size or unfinished basements when compared to the subject. The Board also gives less weight to board of review comparable #1 due to its plastic liner pool and gazebo which are not features of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4 which are more similar to the subject in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$123,291 to \$142,519 or from \$33.91 to \$38.64 per square foot of living area. The subject's improvement assessment of \$132,488 or \$37.60 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
