

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Murray
DOCKET NO.: 20-00954.001-R-1
PARCEL NO.: 13-15-401-019

The parties of record before the Property Tax Appeal Board are Brad Murray, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,005
IMPR.: \$119,508
TOTAL: \$163,513

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,777 square feet of living area. The dwelling was constructed in 1973 and has a reported effective age of 1978. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 792 square foot garage. The property has an approximately 61,660 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject and located from .14 of a mile to 2.09 miles from the subject property. The comparables have sites that range in size from 47,284 to 87,622 square feet of land area. The comparables are improved with two-story dwellings of frame or brick exterior

construction ranging in size from 2,524 to 3,182 square feet of living area. The dwellings were built in 1977 or 1988. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 575 to 988 square feet of building area. The comparables sold from January to July 2020 for prices ranging from \$427,000 to \$510,000 or from \$140.83 to \$173.34 per square foot of living area, including land. The appellant's counsel noted differences between the comparables and the subject. Based on this evidence, the appellant requested the subject's assessment be reduced to \$158,273, which would reflect a market value of \$474,866 or \$171.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,513. The subject's assessment reflects a market value of \$491,178 or \$176.87 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject and located from .07 of a mile to 1.48 miles from the subject property. Board of review comparable #3 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 39,900 to 49,580 square feet of land area. The comparables are improved with two-story dwellings of aluminum or wood siding exterior construction ranging in size from 2,531 to 3,144 square feet of living area. The dwellings were built from 1969 to 1988. The comparables each have a basement, two of which are finished with a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 440 to 891 square feet of building area. The comparables sold in August 2019 or June 2020 for prices ranging from \$510,000 to \$580,000 or from \$162.21 to \$205.45 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to the appellant's comparables #1, #3 and #4, along with board of review comparable #3, which includes the common comparable, due to their lack of a finished basement and/or their newer dwelling age when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #2, along with board of review comparables #1 and #2, which are overall more similar to the subject in

location, dwelling size, design, age and features. These three comparables sold in August 2019 or January 2020 for prices ranging from \$500,000 to \$580,000 or from \$157.13 to \$205.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$491,178 or \$176.87 per square foot of living area, including land, which falls below the three best comparables in the record in terms of overall market value but within the range on a price per square foot basis. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
