

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Elmer
DOCKET NO.: 20-00957.001-R-1
PARCEL NO.: 13-15-301-012

The parties of record before the Property Tax Appeal Board are Edward Elmer, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,346
IMPR.: \$150,148
TOTAL: \$225,494

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and brick construction with 3,335 square feet of living area. The dwelling was constructed in 2018. Features of the home include an unfinished walkout basement, central air conditioning, a fireplace and an attached 932 square foot garage. The property has a 141,265 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis containing three comparable sales that are located from .83 of a mile to 2.80 miles from the subject. The comparables have sites ranging in size from 17,424 to 35,058 square feet of land area that are improved with 1-story or 2-story dwellings containing from 3,471 to 4,618 square feet of living area. The dwellings were built from 1998 to 2006. The comparables have basements, two of which have finished area and a walkout. The comparables

have central air conditioning, one, two or five fireplaces and an attached garage ranging in size from 704 to 991 square feet of building area. The comparables sold from October 2018 to December 2019 for prices ranging from \$479,000 to \$740,000 or from \$131.23 to \$183.66 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$225,494. The subject's assessment reflects a market value of \$677,363 or \$203.11 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a grid analysis containing five comparable sales that are located from .20 of a mile to 1.29 miles from the subject. The comparables have sites ranging in size from 42,519 to 64,948 square feet of land area that are improved with 1-story, 1.5-story or 2-story dwellings containing from 3,272 to 4,390 square feet of living area. The dwellings were built from 2017 to 2019. The comparables have basements, three of which have finished area, one of which has a walkout and one of which is a lookout style basement. The comparables have central air conditioning and an attached garage ranging in size from 716 to 912 square feet of building area. Four comparables each have a fireplace. The comparables sold from April 2017 to April 2019 for prices ranging from \$652,037 to \$853,731 or from \$174.11 to \$241.64 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3, due to their significantly larger dwelling size and/or their considerably older dwelling, when compared to the subject. The Board also gives less weight to the board of review's comparables #3, #4 and #5, due to their significantly larger dwelling size and/or their sale date occurring greater than 25 months prior to the January 1, 2020 assessment date at issue. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject, however, each has a significantly smaller site when compared to the subject. In addition, the appellant's remaining comparable has an older dwelling, when compared to the subject. The board of review's comparable #1 has finished basement area, unlike the subject, and a sale date occurring greater than 12 months prior to the January 1, 2020 assessment date at issue. The board of review's comparable #2 has a larger dwelling, when compared to the subject. Nevertheless, the best comparables sold for

prices ranging from \$637,500 to \$790,641 or from \$183.66 to \$241.64 per square foot of living area, including land. The subject's assessment reflects a market value of \$677,363 or \$203.11 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
