

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark DiCara  
DOCKET NO.: 20-00964.001-R-1  
PARCEL NO.: 13-11-400-284

The parties of record before the Property Tax Appeal Board are Mark DiCara, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,693  
**IMPR.:** \$91,429  
**TOTAL:** \$108,122

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story condominium dwelling of wood frame construction with 1,689 square feet of living area. The dwelling was constructed in 1978. Features of the dwelling include a full walkout basement, that is partially finished, central air conditioning, two fireplaces and a detached 484 square foot garage. The property has a 1,690 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located within the same neighborhood code as the subject. The comparables have sites ranging in size from 1,410 to 1,689 square feet of land area that are improved with two-story condominium dwellings containing from 1,410 to 1,689 square feet of living area. The dwellings were built from 1978 to 1981. The comparables have basements, each of which have finished area, and two of which

have a walkout. The comparables have central air conditioning, two fireplaces and a detached 242 or 484 square foot garage. The comparables sold from May 2019 to June 2020 for prices ranging from \$217,000 to \$237,500 or from \$139.08 to \$163.12 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,122. The subject's assessment reflects a market value of \$324,788 or \$192.30 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located within the same neighborhood code as the subject. The comparables have sites with 1,690 or 1,790 square feet of land area that are improved with two-story condominium dwellings containing 1,689 or 1,789 square feet of living area. The dwellings were built in 1978. The comparables have full walkout basements, each of which have finished area, central air conditioning, two fireplaces and a detached 441 or 484 square foot garage. The comparables sold from July 2019 to August 2020 for prices ranging from \$362,500 to \$465,000 or from \$214.62 to \$259.92 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables due to their lack of a walkout basement and/or their smaller dwelling size, when compared to the subject. The Board finds the board of review's comparables are similar to the subject in location, style, age, size and features. These comparables also sold proximate in time to the January 1, 2020 assessment date at issue. The best comparables sold from July 2019 to August 2020 for prices ranging from \$362,500 to \$465,000 or from \$214.62 to \$259.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$324,788 or \$192.30 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is well supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
