

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charlotte Poje
DOCKET NO.: 20-00974.001-R-1
PARCEL NO.: 13-11-300-286

The parties of record before the Property Tax Appeal Board are Charlotte Poje, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,162
IMPR.: \$107,493
TOTAL: \$115,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story condominium dwelling of wood frame construction with 2,214 square feet of living area.¹ The dwelling was constructed in 1980. Features of the dwelling include an unfinished basement, central air conditioning, two fireplaces and a detached 441 square foot garage. The property has an approximately 2,210 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted two grids containing information on seven comparable sales that are located from .01 to .73 of a mile from the subject.² The comparables have sites ranging in size from

¹ The Board finds the best evidence of the subject's features was the Property Record Card (PRC) submitted by the board of review.

² For ease of reference, the Board has renumbered the appellant's second sales grid from #3 through #7.

1,796 to 2,637 square feet of land area that are improved with reported 1-story condominium dwellings containing from 1,796 to 2,637 square feet of living area.³ The dwellings were built from 1978 to 1994. The comparables have basements, each of which have finished area and five of which have a lookout or walkout. The comparables have central air conditioning, two fireplaces and an attached or detached garage ranging in size from 398 to 528 square feet of building area. The comparables sold from October 2016 to March 2020 for prices ranging from \$225,000 to \$400,000 or from \$101.63 to \$180.67 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,655. The subject's assessment reflects a market value of \$347,417 or \$156.92 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .01 to .47 of a mile from the subject. The board of review's comparable #2 is the same property as the appellant's comparable #2. The comparables have sites with 1,960 or 2,210 square feet of land area that are improved with 2-story condominium dwellings containing 1,964 or 2,214 square feet of living area. The dwellings were built from 1978 to 1986. The comparables have basements, each of which have finished area, and one of which has a walkout. The comparables have central air conditioning, one or two fireplaces and a detached 441 or 484 square foot garage. The comparables sold from March 2019 to November 2020 for prices ranging from \$350,000 to \$408,500 or from \$178.21 to \$207.99 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellant's comparables #5, #6 and #7, due to their sale date occurring greater than 39 months prior to the January 1, 2020 assessment date at issue and/or their difference in size when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparable, are similar to the subject in location, style, age, size and many features. These comparables also sold proximate in time to the January 1, 2020 assessment date at issue.

³ The appellant's supporting documentation reveals the appellant's comparables #1 and #2 are 2-story dwellings.

The best comparables sold from March 2019 to November 2020 for prices ranging from \$225,000 to \$408,500 or from \$101.63 to \$207.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$347,417 or \$156.92 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
