

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jesse Criz  
DOCKET NO.: 20-01017.001-R-1  
PARCEL NO.: 16-29-102-011

The parties of record before the Property Tax Appeal Board are Jesse Criz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$69,192  
**IMPR.:** \$378,664  
**TOTAL:** \$447,856

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of wood siding exterior construction with 4,821 square feet of living area. The dwelling was built in 2014 and is approximately 6 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and an attached garage with 782 square feet of building area. The property has an approximate 17,835 square feet site and is located in Deerfield, West Deerfield, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same neighborhood code as the subject and located within .29 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 4,418 to 5,251 square feet of living area. The dwellings range in age from 5 to 10 years old. Each comparable has a full basement with

one having finished area, central air conditioning, one fireplace, and an attached garage ranging in size from 704 to 814 square feet of building area. The comparables have improvement assessments ranging from \$284,713 to \$374,658 or from \$60.99 to \$71.35 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$314,570 or \$65.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$447,856. The subject property has an improvement assessment of \$378,664 or \$78.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same neighborhood code as the subject property and located within .42 of a mile from the subject. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,896 to 4,916 feet of living area. The dwellings were built from 2013 to 2018. The comparables each have a full basement with one having finished area, central air conditioning, one fireplace, and an attached garage ranging in size from 748 to 1,027 square feet of building area. The comparables have improvement assessments ranging from \$353,569 to \$395,664 or from \$77.13 to \$90.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparable #3 and board of review comparable #3 due to differences from the subject in basement finish and/or dwelling size.

The best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments that range from \$284,713 to \$395,664 or from \$64.25 to \$81.30 per square foot of living area. The subject's improvement assessment of \$378,664 or \$78.54 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
