

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Colligan  
DOCKET NO.: 20-01020.001-R-1  
PARCEL NO.: 16-07-303-011

The parties of record before the Property Tax Appeal Board are Joseph Colligan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$95,096  
**IMPR.:** \$136,433  
**TOTAL:** \$231,529

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.75-story dwelling wood siding exterior construction with 3,046 square feet of living area. The dwelling was constructed in 1977 and is approximately 43 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace, and a 600 square foot attached garage. The property has an approximately 20,237 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.23 of a mile from the subject. The appellant reported that the comparables are improved with 1.8-story or 2-story dwellings of brick or wood siding exterior construction ranging in size

from 3,294 to 3,839 square feet of living area. The dwellings are from 37 to 43 years old. Three comparables each have a basement with one having finished area, and one comparable has a concrete slab foundation. Each comparable has central air conditioning, from one to three fireplaces, and an attached garage that ranges in size from 462 to 812 square feet of building area. The comparables have improvement assessments that range from \$134,241 to \$161,660 or from \$39.14 to \$42.11 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$123,058 or \$40.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,529. The subject property has an improvement assessment of \$136,433 or \$44.79 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.36 of a mile from the subject. The comparables are improved with 1.75-story or 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,012 to 3,334 square feet of living area. The dwellings were built from 1978 to 1985 with comparable #3 having an effective built date of 1979. Four comparables each have a basement with one having finished area, and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one or two fireplaces, and an attached garage that ranges in size from 480 to 807 square feet of building area. The comparables have improvement assessments that range from \$140,155 to \$154,618 or from \$42.04 to \$51.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 as well as board of review comparable #1 which differ from the subject in dwelling size and/or lack a basement which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age and dwelling size, although three comparables lack basement finish which is a feature of the subject. These comparables have improvement assessments that range from \$134,241 to \$154,618 or from \$40.75 to \$51.33 per square foot of living area. The subject's improvement assessment of \$136,433 or \$44.79 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences

when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
