

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Cohen
DOCKET NO.: 20-01021.001-R-1
PARCEL NO.: 16-32-107-012

The parties of record before the Property Tax Appeal Board are Steven Cohen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$57,500
IMPR.: \$300,928
TOTAL: \$358,428

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,702 square feet of living area. The dwelling was constructed in 2006 and is approximately 14 years old. Features of the home include a full unfinished basement, central air conditioning, and an attached garage with 682 square feet of building area. The property has an approximate 13,125 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables with the same neighborhood code as the subject property and located within 0.52 of a mile from the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,001 to 5,091 square feet of living area. The dwellings range in age from 13 to 15 years old. Each comparable has a full basement with two comparables having finished area, central air conditioning, one or two fireplaces, and an attached

garage ranging in size from 530 or 769 square feet of building area. The comparables have improvement assessments that range from \$237,012 to \$301,479 or from \$59.09 to \$61.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$281,297 or \$59.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$358,428. The subject property has an improvement assessment of \$300,928 or \$64.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables with the same assessment neighborhood as the subject property and located within 0.66 of a mile from the subject. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 4,277 to 5,496 square feet of living area. The dwellings were built from 2006 to 2009. Each comparable has a full basement with finished area, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 420 to 942 square feet of building area. The comparables have improvement assessments ranging from \$314,796 to \$394,150 or from \$66.25 to \$73.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #3, and #4 as well as board of review comparable #4 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the parties' four remaining comparables which are similar to the subject in location, design, age, dwelling size, and some features. However, each comparable has basement finish and one or more fireplaces, which are not features of the subject. Nevertheless, these comparables have improvement assessments that range from \$301,479 to \$332,810 or from \$59.22 to \$72.98 per square foot of living area. The subject's improvement assessment of \$300,928 or \$64.00 per square foot of living area falls below the range established by the best comparables in the record on an overall basis but within the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences including basement finish and number of fireplaces when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
