

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Samuel Greenberg  
DOCKET NO.: 20-01034.001-R-1  
PARCEL NO.: 16-16-208-012

The parties of record before the Property Tax Appeal Board are Samuel Greenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$57,638  
**IMPR.:** \$97,846  
**TOTAL:** \$155,484

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 2,043 square feet of living area. The dwelling was constructed in 1964 and is approximately 56 years old. Features of the home include a lower level with finished area, central air conditioning, one fireplace and a 460 square foot attached garage. The property has an approximate 20,930 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .28 of a mile from the subject property. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 2,059 to 2,205 square feet of living area. The

dwellings range in age from 61 to 64 years old. The comparables each have a full or partial basement, three of which have finished area. Each comparable has central air conditioning and an attached garage with either 572 or 575 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$81,719 to \$90,079 or from \$39.10 to \$40.85 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$81,362 or \$39.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,484. The subject property has an improvement assessment of \$97,846 or \$47.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on ten equity comparables with the same assessment neighborhood code as the subject and located within .24 of a mile from the subject property. The comparables are improved with one-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 1,830 to 2,236 square feet of living area. The dwellings were built from 1961 to 1967. The comparables each have a lower level, nine of which have finished area. Each comparable has central air conditioning and an attached garage ranging in size from 440 to 851 square feet of building area. Seven comparables each have one fireplace. The comparables have improvement assessments that range from \$91,200 to \$113,778 or from \$49.25 to \$53.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of fourteen suggested equity comparables for the Board's consideration. The Board finds the parties' comparables are similar to the subject in location, style, age, dwelling size and most features. These comparables have improvement assessments ranging from \$81,719 to \$113,778 or from \$39.10 to \$53.90 per square foot of living area. The subject's improvement assessment of \$97,846 or \$47.89 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
