

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Leonard Goldstein
DOCKET NO.: 20-01037.001-R-1
PARCEL NO.: 16-28-402-014

The parties of record before the Property Tax Appeal Board are Leonard Goldstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,254
IMPR.: \$100,409
TOTAL: \$161,663

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,274 square feet of living area. The dwelling was constructed in 1972 and is approximately 48 years old. Features of the home include an unfinished partial basement, central air conditioning, one fireplace and a 462 square foot attached garage. The property has an approximate 13,280 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .24 of a mile from the subject property. The comparables are improved with one-story or two-story dwellings of brick or wood siding exterior construction ranging in size from 2,760 to 2,920 square feet of living area. The dwellings range in age from 47 to 62 years old. The comparables

each have an unfinished partial basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 396 to 720 square feet of building area. The comparables have improvement assessments that range from \$108,746 to \$122,680 or from \$37.68 to \$42.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$93,347 or \$41.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,663. The subject property has an improvement assessment of \$100,409 or \$44.16 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .16 of a mile from the subject property. The comparables are improved with two-story dwellings of brick and wood siding exterior construction ranging in size from 2,382 to 2,490 square feet of living area. The dwellings were built from 1967 to 1973. The comparables each have an unfinished partial basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 420 to 462 square feet of building area. The comparables have improvement assessments that range from \$107,385 to \$115,845 or from \$45.08 to \$46.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes and/or older age when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in location, age and dwelling size with varying degrees of similarity in other features. However, each comparable has a two-story design, unlike the subject's one-story design. Nevertheless, these comparables have improvement assessments ranging from \$107,385 to \$115,845 or from \$45.08 to \$46.62 per square foot of living area. The subject's improvement assessment of \$100,409 or \$44.16 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
