

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Goldsen
DOCKET NO.: 20-01039.001-R-1
PARCEL NO.: 16-31-112-002

The parties of record before the Property Tax Appeal Board are Barbara Goldsen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,452
IMPR.: \$133,903
TOTAL: \$212,355

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,819 square feet of living area. The dwelling was built in 1995 and is approximately 25 years old. Features of the home include a partial basement with 1,770 square feet finished as a recreation room, central air conditioning, one fireplace and an attached garage with 500 square feet of building area. The property has an approximate 12,902 square foot site and is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property and located within .29 mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,991 to 3,245

square feet of living area. The homes range in age 23 to 26 years old. Each comparable has an unfinished full basement, central air conditioning and an attached garage ranging in size from 589 to 645 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$111,852 to \$130,215 or from \$37.40 to \$40.54 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$110,998 or \$39.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,274. The subject property has an improvement assessment of \$155,822 or \$55.28 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property and located within .29 mile from the subject property. The comparables are improved with one-story or two-story dwellings of wood siding exterior construction with either 2,819 or 2,991 square feet of living area. The homes were built from 1994 to 1998. Each comparable has an unfinished full basement, central air conditioning and an attached garage with either 500 or 646 square feet of building area. Four comparables each have one fireplace. The comparables have improvement assessments ranging from \$130,254 to \$157,294 or from \$46.21 to \$52.59 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #2 due to their dissimilar design/style when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #3, #4 and #5 which are most similar to the subject in location, age, style and other features, as well as being identical to the subject in dwelling size. The board of review comparables each have an unfinished basement, unlike the subject's finished basement, suggesting upward adjustments would be appropriate to make these more equivalent to the subject property. These comparables have improvement assessments of \$130,254 or \$131,684 and either \$46.21 or \$46.78 per square foot of living area. The subject's improvement assessment of \$155,822 or \$55.28 per square foot of living area falls above the improvement assessments of the best comparables in this record and is excessive. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
