

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Howard Gold
DOCKET NO.: 20-01040.001-R-1
PARCEL NO.: 16-31-204-039

The parties of record before the Property Tax Appeal Board are Howard Gold, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,867
IMPR.: \$115,296
TOTAL: \$172,163

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 3,283 square feet of living area. The dwelling was constructed in 1986 and is approximately 34 years old. Features of the home include an unfinished partial basement, central air conditioning, one fireplace and a 479 square foot garage. The property has an approximate 13,725 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and within .13 of a mile from the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,820 to 3,664 square feet of living area. The dwellings range in age from 32 to 34 years old. Three comparables each have a concrete slab

foundation and one comparable has an unfinished full basement. Each comparable has central air conditioning, one fireplace and a garage that ranges in size from 462 to 520 square feet of building area. The comparables have improvement assessments that range from \$86,591 to \$113,075 or from \$26.81 to \$30.94 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$97,505 or \$29.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,163. The subject property has an improvement assessment of \$115,296 or \$35.12 per square foot of living area. In support of the assessment inequity argument, the board of review submitted a total of three equity comparables located within the same assessment neighborhood code as the subject and within .07 of a mile from the subject. The comparables are improved with two-story dwellings of brick and wood siding exterior construction ranging in size from 2,793 to 3,279 square feet of living area. The dwellings were built in either 1986 or 1987. The board of review reported that one comparable has a concrete slab foundation and two comparables each have a partial basement with finished area. Each comparable has central air conditioning, one fireplace and a garage with either 462 or 483 square feet of building area. The comparables have improvement assessments that range from \$105,106 to \$109,531 or from \$33.40 to \$38.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board finds none of the parties' comparables are similar to the subject in design, four comparables have inferior concrete slab foundations unlike the subject's partial basement, and four comparables have dissimilar dwelling sizes when compared to the subject. Nevertheless, these comparables have improvement assessments ranging from \$26.81 to \$38.40 per square foot of living area. The subject's improvement assessment of \$35.12 per square foot of living area falls within the range established by the comparables in the record on a per square foot basis. Based on the evidence in this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
