

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Giddens  
DOCKET NO.: 20-01042.001-R-1  
PARCEL NO.: 16-16-205-015

The parties of record before the Property Tax Appeal Board are George Giddens, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$56,416  
**IMPR.:** \$142,733  
**TOTAL:** \$199,149

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick and wood siding construction with 2,805 square feet of living area. The dwelling was built in 1977 with an effective year built of 1982 and a chronological age of approximately 43 years. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 525 square feet of building area. The property has an approximate 13,216 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story or two-story dwellings of brick exterior construction ranging in size from 2,280 to 2,751 square feet of living area. The homes are 42 or 43 years old. Three comparables have concrete slab foundations and one comparable has an unfinished full

basement. Each comparable has central air conditioning, one fireplace, and an attached garage ranging in size from 440 to 528 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located within .30 of a mile from the subject property. The comparables have improvement assessments ranging from \$98,710 to \$120,325 or from \$43.29 to \$44.26 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$123,069 or from \$43.88 per square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$199,149. The subject property has an improvement assessment of \$142,733 or \$50.89 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story or two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,260 to 2,816 square feet of living area. The homes were built in 1977 or 1978. The board of review reported that one comparable has a concrete slab foundation and three comparables each have a full or partial basement, one of which has finished area. Each property has central air conditioning, one fireplace, and an attached garage ranging in size from 462 to 506 square feet of building area. In addition, comparable #3 has a 960 square foot detached garage. The comparables have the same assessment neighborhood code as the subject property and are located within .38 of a mile from the subject property. The comparables have improvement assessments ranging from \$116,130 to \$143,227 or from \$49.47 to \$51.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1, #3 and #4 as well as board of review comparables #2 and #3 which have smaller dwelling sizes than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparables #1 and #4 which are similar to the subject in location, age, dwelling size and some features. The Board recognizes that the appellant's comparable #2 and board of review comparable #4 have inferior slab foundations suggesting upward adjustments would be appropriate to make them more equivalent to the subject. Board of review comparable #1 has a finished basement which is not a feature of the subject suggesting a downward adjustment would be appropriate to make it more comparable to the subject. Nevertheless, these comparables have improvement assessments that range from \$120,325 to \$143,227 or from \$43.74 to \$50.86 per

square foot of living area. The subject's improvement assessment of \$142,733 or \$50.89 per square foot of living area falls within the range established by the best comparables in this record on an overall basis but slightly above on a per square foot basis. However, based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
