

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Freed
DOCKET NO.: 20-01046.001-R-1
PARCEL NO.: 16-32-411-146

The parties of record before the Property Tax Appeal Board are Mark Freed, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,982
IMPR.: \$131,287
TOTAL: \$162,269

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,044 square feet of living area. The dwelling was built in 1991. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 484 square foot garage. The property has an approximately 3,810 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .27 of a mile to 1.18 miles from the subject. The comparables have sites ranging in size from 1,494 to 7,043 square feet of land area that are improved with one-story or two-story dwellings containing 1,920 or 2,069 square feet of living area. The dwellings were built in 1992 or 2001. The comparables have slab foundations, central air conditioning, and a 190 or a 400 square foot garage. The

comparables sold from September 2018 to September 2019 for prices ranging from \$242,800 to \$364,000 or from \$126.46 to \$175.93 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,269. The subject's assessment reflects a market value of \$487,441 or \$238.47 per square foot of building area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .06 to .14 of a mile from the subject. The comparables have sites ranging in size from 3,000 to 3,610 square feet of land area that are improved with two-story dwellings containing 2,070 or 2,436 square feet of living area. The dwellings were built from 1989 to 1993. The comparables have unfinished basements, central air conditioning, a fireplace, and a 396 or 441 square foot garage. The comparables sold from July 2019 to October 2020 for prices ranging from \$530,000 to \$580,000 or from \$233.99 to \$256.04 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales for the Board's consideration, none of which are particularly similar to the subject. The appellant's comparables lack a basement foundation, unlike the subject, and only one comparable is a one-story dwelling, like the subject, but it is located over a mile from the subject. The board of review's comparables are located much closer to the subject but they are all two-story dwellings, unlike the subject. Nevertheless, the board gives less weight to the appellant's comparable #4 due to its sale date occurring greater than 15 months prior to the January 1, 2020 assessment date at issue. The parties' remaining comparables sold from May 2019 to October 2020 for prices ranging from \$242,800 to \$580,000 or from \$126.46 to \$256.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$487,441 or \$238.47 per square foot of living area, including land, which falls within the range established by the parties' best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
