

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Handan Aydin
DOCKET NO.: 20-01052.001-R-1
PARCEL NO.: 16-07-208-012

The parties of record before the Property Tax Appeal Board are Handan Aydin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$115,746
IMPR.: \$176,592
TOTAL: \$292,338

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,396 square feet of living area.¹ The dwelling was constructed in 1990 and is approximately 30 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a 705 square foot attached garage. The property has an approximate 23,050 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property and

within .30 of a mile from the subject. The appellant reports the comparables are improved with 1.8-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,893 to 4,270 square feet of living area. The dwellings range in age from 27 to 29 years old. The appellant reported that one comparable has a concrete slab foundation and three comparables each have a partial basement with finished area. Each comparable has central air conditioning, one or two fireplaces and an attached garage that ranges in size from 720 to 818 square feet of building area. The comparables have improvement assessments that range from \$171,472 to \$194,304 or from \$42.89 to \$45.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$152,395 or \$44.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$292,338. The subject property has an improvement assessment of \$176,592 or \$52.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property and within .38 mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,500 to 3,849 square feet of living area. The dwellings were built from 1989 to 1998. The comparables each have a full or partial basement with finished area, central air conditioning, one or two fireplaces and an attached garage that ranges in size from 736 to 912 square feet of building area. The comparables have improvement assessments that range from \$182,869 to \$225,269 or from \$50.85 to \$60.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design, age, dwelling size and other features. These comparables have improvement assessments that range from \$182,869 to \$225,269 or from \$50.85 to \$60.75 per square foot of living area. The subject's improvement assessment of \$176,592 or \$52.00 per square foot of living area falls below the range established by the best comparable in this record on an overall basis but within the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
