

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Winer
DOCKET NO.: 20-01092.001-R-1
PARCEL NO.: 16-08-107-008

The parties of record before the Property Tax Appeal Board are Gary Winer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$214,521
IMPR.: \$270,529
TOTAL: \$485,050

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,416 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include an unfinished full basement, central air conditioning, three fireplaces and an 864 square foot attached garage. The property has an approximate 73,620 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property and within .19 of a mile from the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 4,684 to 5,793 square feet of living area. The dwellings are each 32 years old. The appellant reported that each comparable has a full

basement, two of which have finished area. Each comparable has central air conditioning, two or three fireplaces and a garage that ranges in size from 805 to 1,000 square feet of building area. The comparables have improvement assessments that range from \$187,473 to \$265,866 or from \$40.02 to \$45.98 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$238,304 or \$44.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$485,050. The subject property has an improvement assessment of \$270,529 or \$49.95 per square foot of living area. In support of the assessment inequity argument, the board of review submitted a total of four equity comparables located within the same assessment neighborhood code as the subject property and within .24 of a mile from the subject. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 5,502 to 6,191 square feet of living area. The dwellings were built in either 1988 or 1989. The board of review reported that each comparable has a full basement, two of which have finished area. Each comparable has central air conditioning, two fireplaces and a garage that ranges in size from 736 to 1,196 square feet of building area. The comparables have improvement assessments that range from \$281,470 to \$306,186 or from \$49.46 to \$51.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to both parties' comparables #1 due to their smaller dwelling sizes when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, design, age and dwelling size with varying degrees of similarity to the subject in other features. However, two comparables have finished basement area, which the subject lacks, suggesting downward adjustments are necessary for these differences to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$246,024 to \$290,465 or from \$44.92 to \$51.16 per square foot of living area. The subject's improvement assessment of \$270,529 or \$49.95 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
