

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Ehrlich  
DOCKET NO.: 20-01096.001-R-1  
PARCEL NO.: 16-32-411-093

The parties of record before the Property Tax Appeal Board are Patricia Ehrlich, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$27,420  
**IMPR.:** \$145,346  
**TOTAL:** \$172,766

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,436 square feet of living area. The dwelling was built in 1990 with an effective year built of 1989 and a chronological age of approximately 30 years. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and a 441 square foot attached garage. The property has an approximate 3,225 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .11 of a mile from the subject property. The appellant reported that each comparable was improved with a two-story dwelling of brick exterior construction with 2,436 square feet of living area.

The dwellings range in age from 27 to 30 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an attached garage with 441 square feet of building area. Each comparable has an improvement assessment of \$130,810 or \$53.70 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$130,813 or \$53.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,766. The subject property has an improvement assessment of \$145,346 or \$59.67 per square foot of living area. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .08 of a mile from the subject property. The board of review reported that each comparable was improved with a two-story dwelling of brick and wood siding exterior construction with 2,436 square feet of living area. The dwellings were built in either 1989 or 1990 with the dwellings built in 1990 having an effective year built date of 1989. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an attached garage with 441 square feet of building area. Each comparable has an improvement assessment of \$145,346 or \$59.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds each of the parties' comparables to be identical to the subject in design, age, dwelling size and features. These comparables have improvement assessments of either \$130,810 or \$145,346 and either \$53.70 or \$59.67 per square foot of living area. The subject's improvement assessment of \$145,346 or \$59.67 per square foot of living area is equivalent to the improvement assessments of five comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
