

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blair Wolf  
DOCKET NO.: 20-01101.001-R-1  
PARCEL NO.: 16-33-403-049

The parties of record before the Property Tax Appeal Board are Blair Wolf, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,713  
**IMPR.:** \$140,448  
**TOTAL:** \$202,161

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,344 square feet of living area. The dwelling was constructed in 1985 and is approximately 35 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace, and a 462 square foot attached garage. The property has an approximate 12,790 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .43 of a mile from the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,322 to 3,472 square feet of living area. The

dwelling range in age from 34 to 36 years old. Three comparables each have a concrete slab foundation and one comparable has an unfinished full basement. Each comparable has central air conditioning, one fireplace, and an attached garage with either 440 or 462 square feet of building area. The comparables have improvement assessments ranging from \$127,725 to \$134,026 or from \$38.23 to \$39.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$130,666 or \$39.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$210,701. The subject property has an improvement assessment of \$148,988 or \$44.55 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .25 of a mile from the subject. The comparables consist of two-story dwellings of brick or brick and wood-siding exterior construction that range in size from 3,258 to 3,390 square feet of living area. Three comparables each have a concrete slab foundation and two comparables each have a partial basement, one of which has finished area. Each comparable has central air conditioning, one fireplace, and an attached garage ranging in size from 428 to 528 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$145,459 to \$161,513 or from \$42.93 to \$48.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 as well as board of review comparables #4 and #5 due to their basement foundations which the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, foundation, and other features. These comparables have improvement assessments ranging from \$127,725 to \$148,761 or from \$38.45 to \$44.30 per square foot of living area. The subject's improvement assessment of \$148,988 or \$44.55 per square foot of living area falls above the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
