

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yvette Castellanos
DOCKET NO.: 20-01103.001-R-1
PARCEL NO.: 16-32-413-016

The parties of record before the Property Tax Appeal Board are Yvette Castellanos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,006
IMPR.: \$229,790
TOTAL: \$295,796

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,014 square feet of living area. The dwelling was constructed in 2001 and is approximately 19 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 764 square foot garage. The property has an approximate 21,531 square foot site and is located in Deerfield, West Deerfield Township, Lake County.¹

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject property and located within .19 of a mile from the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 4,294 to 5,014 square feet of

living area. The dwellings range in age from 19 to 24 years old. Each comparable has an unfinished full basement, central air conditioning, one or two fireplaces and an attached garage that ranges in size from 671 to 764 square feet of building area. The comparables have improvement assessments that range from \$177,543 to \$223,456 or from \$41.35 to \$44.57 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$215,267 or \$42.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$295,796. The subject property has an improvement assessment of \$229,790 or \$45.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within .23 of a mile from the subject. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 4,477 to 5,063 square feet of living area. The dwellings were built from 1997 to 2002. One comparable has a concrete slab foundation and four comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 651 to 815 square feet of building area. The comparables have improvement assessments that range from \$224,862 to \$256,302 or from \$44.41 to \$52.73 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparables #4 and #5 due to their smaller dwelling sizes or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size and most features, except three of the comparables have unfinished basements in contrast to the subject's finished basement, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. These comparables have improvement assessments that range from \$223,456 to \$256,302 or from \$44.57 to \$52.73 per square foot of living area. The subject's improvement assessment of \$229,790 or \$45.83 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
