

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Carey  
DOCKET NO.: 20-01107.001-R-1  
PARCEL NO.: 16-18-203-041

The parties of record before the Property Tax Appeal Board are Edward Carey, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$102,676  
**IMPR.:** \$220,077  
**TOTAL:** \$322,753

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,788 square feet of living area. The dwelling was constructed in 1999 and is approximately 21 years old. Features of the home include an unfinished full basement, central air conditioning, three fireplaces, and a 732 square foot attached garage. The property has an approximate 22,651 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .19 of a mile from the subject. The appellant reported the comparables are improved with 1.5-story or 1.8-story dwellings of brick or wood siding exterior construction ranging in size from 3,985 to 5,238 square feet of living area. The dwellings range in age from 19 to 22 years old. The

comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, from one to four fireplaces, and an attached garage that ranges in size from 770 to 851 square feet of building area. The comparables have improvement assessments that range from \$228,259 to \$289,628 or from \$53.09 to \$57.28 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$209,097 or \$55.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$322,753. The subject property has an improvement assessment of \$220,077 or \$58.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .14 of a mile from the subject. The comparables are improved with 1.5-story, 1.75-story or 2-story dwellings of brick, stone and wood siding, or brick and wood siding exterior construction ranging in size from 3,635 to 4,137 square feet of living area. The comparables each have a basement with finished area, central air conditioning, from one or four fireplaces, and an attached garage that ranges in size from 714 to 841 square feet of building area. The comparables have improvement assessments ranging from \$239,149 to \$258,623 or from \$60.61 to \$71.15 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, age, dwelling size and most features, except five comparables each have a finished basement which is not a feature of the subject suggesting downward adjustments for this difference would be necessary to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$228,259 to \$258,623 or from \$57.28 to \$71.15 per square foot of living area. The subject's improvement assessment of \$220,077 or \$58.10 per square foot of living area falls below the range established by the best comparables in the record on an overall basis but within the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
