

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elyse Cabin
DOCKET NO.: 20-01110.001-R-1
PARCEL NO.: 16-16-308-020

The parties of record before the Property Tax Appeal Board are Elyse Cabin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$114,523
IMPR.: \$149,761
TOTAL: \$264,284

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 4,260 square feet of living area. The dwelling was constructed in 1993 and is approximately 27 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces and an 861 square foot garage. The property has an approximate 13,446 square feet site and is located in Highland Park, West Deerfield Township, Lake County.¹

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject and located within .60 miles from the subject. The appellant reported that the comparables are improved with one-story or two-story dwellings of brick or wood siding exterior construction that range in

size from 3,494 to 5,275 square feet of living area. The homes range in age from 23 to 30 years old. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 477 to 925 square feet of building area. The comparables have improvement assessments that range from \$101,285 to \$134,875 or from \$22.59 to \$28.99 per square foot of living area. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$222,620 with an improvement assessment of \$108,097 or \$25.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$264,284. The subject property has an improvement assessment of \$149,761 or \$35.16 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .62 of a mile from the subject. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction that range in size from 4,055 to 4,368 square feet of living area. The homes were built from 1994 to 1996. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 552 to 887 square feet of building area. The comparables have improvement assessments that range from \$155,968 to \$164,949 or from \$37.76 to \$40.09 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #4 and #5 due to differences from the subject in design, basement finish, and/or dwelling size.

The Board finds the best evidence of assessment equity to be the remaining board of review comparables which are more similar to the subject in location, design, age, dwelling size and other features. These comparables have improvement assessments that range from \$162,271 to \$164,949 or from \$37.76 to \$40.09 per square foot of living area. The subject's improvement assessment of \$149,761 or \$35.16 per square foot of living area falls below the range established by the best comparables in this record. Based on the record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
