

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Quentin Brown
DOCKET NO.: 20-01114.001-R-1
PARCEL NO.: 16-29-412-005

The parties of record before the Property Tax Appeal Board are Quentin Brown, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,040
IMPR.: \$84,070
TOTAL: \$134,110

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,889 square feet of living area. The dwelling was constructed in 1962 and is approximately 58 years old. Features of the home include a basement, central air conditioning and a 528 square foot garage. The property has an approximate 10,080 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .65 of a mile from the subject. The comparables are improved with one-story dwellings of brick or wood siding exterior construction that range in size from 1,670 to 2,120 square feet of living area. The homes range in age from 59 to 66 years old. Each comparable has a basement,

one of these having finished area, and central air conditioning. Two comparables each have one or three fireplaces. The appellant reported that three comparables each have a garage ranging in size from 506 to 660 square feet of building. The comparables have improvement assessments that range from \$67,772 to \$86,059 or from \$36.21 to \$41.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,851 or \$39.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,110. The subject has an improvement assessment of \$84,070 or \$44.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within .49 of a mile from the subject. The comparables are improved with one-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 1,738 to 1,914 square feet of living area. The homes were built from 1955 to 1973. The comparables each have a basement, three of which having finished area. Each comparable has central air conditioning and a garage ranging in size from 420 to 517 square feet of building area. Four comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$84,072 to \$115,278 or from \$45.13 to \$64.11 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as well as board of review comparables #2, #3 and #4 which differ from the subject in dwelling size, age and/or basement finish.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, dwelling size, foundation type and other features. These comparables have improvement assessments that range from \$81,445 to \$88,335 or from \$41.05 to \$50.83 per square foot of living area. The subject's improvement assessment of \$84,070 or \$44.51 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
