

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew & Karen Abrams
DOCKET NO.: 20-01126.001-R-1
PARCEL NO.: 15-29-104-007

The parties of record before the Property Tax Appeal Board are Matthew & Karen Abrams, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,276
IMPR.: \$113,696
TOTAL: \$140,972

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,348 square feet of living area. The dwelling was constructed in 1975 and is approximately 45 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 375 square foot garage. The property has an approximately 10,040 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables. The comparables are located from 0.47 to 0.78 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 2,322 to 2,582 square feet of living area. The dwellings range in age from 36 to 41

years old. Each home has a basement, three of which have finished area, central air conditioning, and a garage ranging in size from 420 to 484 square feet of building area. Two homes have one or two fireplaces. The comparables have improvement assessments ranging from \$104,694 to \$117,598 or from \$42.42 to \$45.55 per square foot of living area.

Based on this evidence the appellants requested a reduction in the subject's improvement assessment to \$105,347 or \$44.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,972. The subject property has an improvement assessment of \$113,696 or \$48.42 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.08 to 0.79 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction with 2,348 square feet of living area. The dwellings were built from 1975 to 1984. Each home has a basement with a recreation room, central air conditioning, a fireplace, and a garage with either 440 or 462 square feet of building area. The comparables have improvement assessments ranging from \$113,965 to \$124,618 or from \$48.54 to \$53.07 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparable #2 due to its lack of finished basement area which the subject features.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1, #3, and #4 and the board of review's comparables, which are similar or identical to the subject in dwelling size and/or age, and similar to the subject in location and most features. These comparables have improvement assessments that range from \$105,888 to \$124,618 or from \$42.42 to \$53.07 per square foot of living area. The subject's improvement assessment of \$113,696 or \$48.42 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the

appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
