

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Don Boyajian
DOCKET NO.: 20-01128.001-R-1
PARCEL NO.: 16-32-102-031

The parties of record before the Property Tax Appeal Board are Don Boyajian, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,369
IMPR.: \$293,067
TOTAL: \$346,436

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,204 square feet of living area. The dwelling was constructed in 2009 and is approximately 11 years old. Features of the home include an unfinished basement, central air conditioning and a 550 square foot garage. The property has an approximate 14,074 square foot site and is located in Deerfield, West Deerfield Township, Lake County.¹

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within .62 of a mile from the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,657 to 4,137 square feet of

living area. The dwellings are either 14 or 15 years old. The comparables each have a basement, two of which have finished area. Each comparable has central conditioning, one or two fireplaces, and a garage that ranges in size from 462 to 693 square feet of building area. The comparables have improvement assessments that range from \$195,032 to \$251,436 or from \$53.33 to \$61.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$245,303 or \$58.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$346,436. The subject property has an improvement assessment of \$293,067 or \$69.71 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparable properties with the same assessment neighborhood code as the subject property and located within .71 of a mile from the subject. The comparables are improved with one-story or two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,890 to 4,277 square feet of living area. The dwellings were built from 2005 to 2008. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage that ranges in size from 420 to 862 square feet of building area. The comparables have improvement assessments that range from \$290,767 to \$314,796 or from \$69.02 to \$74.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as board of review comparables #1, #2 and #4 due to differences from the subject in dwelling size, basement finish, or design.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$237,012 to \$294,241 or from \$59.24 to \$69.02 per square foot of living area. The subject's improvement assessment of \$293,067 or \$69.71 per square foot of living area falls within the range established by the best comparables in the record on an overall basis but above the range on a per square foot basis. The subject's higher per square foot improvement assessment is logical considering its smaller dwelling size when compared to board of review comparable #3. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject,

the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
