

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrzej Bobel
DOCKET NO.: 20-01131.001-R-1
PARCEL NO.: 16-06-302-040

The parties of record before the Property Tax Appeal Board are Andrzej Bobel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$205,636
IMPR.: \$416,099
TOTAL: \$621,735

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 6,925 square feet of living area. The dwelling was constructed in 1998 and is approximately 22 years old. Features of the home include an unfinished full basement, central air conditioning, three fireplaces, and a 902 square foot attached garage. Other features of the subject include an inground swimming pool.¹ The property has an approximate 70,567 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .44

¹ The board of review indicated that the subject property has an inground swimming pool that was not disclosed by the appellant.

of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 4,468 to 6,835 square feet of living area. The dwellings range in age from 22 to 27 years old. One comparable has a full basement with finished area and three comparables each have a concrete slab foundation. Each comparable has central air conditioning, from one to three fireplaces, and an attached garage ranging in size from 651 to 1,014 square feet of building area. The comparables have improvement assessments ranging from \$246,404 to \$385,562 or from \$52.93 to \$56.41 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$380,701 or \$54.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$621,735. The subject property has an improvement assessment of \$416,099 or \$60.09 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .18 of a mile from the subject. The comparables are improved with two-story dwellings of brick or wood siding and brick exterior construction ranging in size from 5,596 to 6,432 square feet of living area. The dwellings were built from 1990 to 2003. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, from one to four fireplaces, and an attached garage ranging in size from 875 to 1,016 square feet of building area. The comparables have improvement assessments ranging from \$229,442 to \$446,218 or from \$41.00 to \$69.37 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #2, #3 and #4 due to differences from the subject in dwelling size, foundation type, and/or basement finish.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #5 which are similar to the subject property in location, design, age, dwelling size and most features, except each comparable lacks an inground swimming pool which is a feature of the subject. Nevertheless, these comparables have improvement assessments of \$354,847 and \$446,218 or \$60.63 and \$69.37 per square foot of living area. The subject has an improvement assessment of \$416,099 or \$60.09 per square foot of living area which is bracketed by the two best comparables in the record on an overall basis but below these two comparables on a per

square foot basis. Based on this evidence and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
