

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Schroeder
DOCKET NO.: 20-01190.001-R-1
PARCEL NO.: 02-28-207-008

The parties of record before the Property Tax Appeal Board are John Schroeder, the appellant, by attorney Ryan Schaeffges, of the Law Office of Ryan Schaeffges, P.C. in Wheeling; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,088
IMPR.: \$82,820
TOTAL: \$96,908

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,158 square feet of living area. The dwelling was constructed in 2004 and is approximately 16 years old. Features of the home include an unfinished basement, central air conditioning and a 440 square foot garage. The property has an approximately 10,890 square foot site and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.15 of a mile from the subject property. The comparables have sites that range in size from 11,760 to 14,370 square feet of land area and are improved with two-story dwellings of wood siding exterior construction

¹ This appeal was originally scheduled for hearing but was written based on the evidence in the record, at the request of the appellant and without objection from the board of review.

that range in size from 2,256 to 3,058 square feet of living area. The dwellings are either 18 or 19 years old. Each comparable has a basement with one having finished area. Each dwelling has central air conditioning, one fireplace and a garage ranging in size from 420 to 600 square feet of building area. The properties sold from April 2018 to October 2019 for prices ranging from \$252,000 to \$325,000 or from \$90.91 to \$113.88 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$84,992 which reflects a market value of \$255,002 or \$118.17 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,908. The subject's assessment reflects a market value of \$291,102 or \$134.89 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located from 0.01 of a mile to 2.47 miles from the subject property. The comparables have sites that range in size from 7,580 to 18,730 square feet of land area and are improved with either one-story or two-story dwellings² of wood siding exterior construction that range in size from 1,629 to 2,243 square feet of living area. The homes were built from 1979 to 2004. Each comparable has a basement with four having finished area. Each dwelling has central air conditioning and a garage ranging in size from 400 to 854 square feet of building area. Four comparables each have one fireplace. The properties sold from December 2018 to March 2021 for prices ranging from \$240,000 to \$375,000 or from \$137.61 to \$171.08 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 along with board of review comparables #1, #2, #3 and #4 which differ from the subject in location, age, dwelling size and/or sold less proximate to the January 1, 2020 assessment date than other properties in the record.

The Board finds the best evidence of market value to be appellant comparable #4 and board of review comparable #5 which sold proximate to the assessment date at issue and are more similar

² Board of review comparables #4 and #5 have ground floor area of 1,120 and 916 square feet of living area and above ground area of 1,744 and 2,192 square feet of living area, respectively, suggesting these dwellings are part two-story.

to the subject in location, age, dwelling size. These two best comparables sold in June and July 2019 for prices of \$266,500 and \$375,000 or for \$110.31 and \$171.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$291,102 or \$134.89 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
