

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roman Sulima
DOCKET NO.: 20-01229.001-R-1
PARCEL NO.: 10-24-309-033

The parties of record before the Property Tax Appeal Board are Roman Sulima, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,070
IMPR.: \$62,725
TOTAL: \$77,795

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of vinyl siding exterior construction with 1,074 square feet of living area. The dwelling was constructed in 1962. Features of the home include a lower level with 988 square feet of finished area, central air conditioning, and a 576 square foot garage. The property has an approximately 11,000 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales, along with photographs of the comparables and a map depicting the locations of the comparables in relation to the subject. The comparables are located from 0.01 to 0.16 of a mile from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 6,850 to 9,920 square feet of land area and are improved with split-level homes of vinyl siding exterior

construction with 1,074 or 1,182 square feet of living area. The dwellings were built from 1962 to 1964. Each home has a lower level with 623 or 638 square feet of finished area, central air conditioning, and a 1-car or a 2-car garage. One home has a fireplace. The comparables sold from April 2019 to March 2020 for prices ranging from \$170,000 to \$215,000 or from \$143.82 to \$189.94 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$65,511 which would reflect a market value of \$196,553 or \$183.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,795. The subject's assessment reflects a market value of \$233,689 or \$217.59 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales. The comparables are located from 0.10 to 0.71 of a mile from the subject and two comparables are located within the same assessment neighborhood code as the subject. The parcels range in size from 7,540 to 13,230 square feet of land area and are improved with split-level homes of vinyl siding or brick and wood siding exterior construction ranging in size from 891 to 1,225 square feet of living area. The dwellings were built from 1955 to 1964. Each home has a lower level with 420 to 623 square feet of finished area and central air conditioning. One home has a basement and one home has a fireplace. Two comparables have a 1-car garage and three comparables have a garage ranging in size from 324 to 560 square feet of building area. The comparables sold from May 2019 to November 2020 for prices ranging from \$213.88 to \$243.55 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparable #5, which has a basement unlike the subject. The Board also gives less weight to the appellant's comparables #1, #4, and #5 and the board of review's comparables #3 and #4, which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 and the board of review's comparables #1 and #2, which are similar to the subject in dwelling size, age, location, lot size, and some features. These most similar comparables sold from April

to August 2019 for prices ranging from \$193,000 to \$239,900 or from \$179.70 to \$223.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$233,689 or \$217.59 per square foot of living area, including land, which is within the range established by the best comparable sales in this record and appears to be supported given the subject's larger lot size and greater finished basement area. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
