

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kerri Eckerling
DOCKET NO.: 20-01273.001-R-1
PARCEL NO.: 16-15-309-057

The parties of record before the Property Tax Appeal Board are Kerri Eckerling, the appellant, by attorney John Buscher, of The Buscher Firm in Deerfield; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,045
IMPR.: \$172,655
TOTAL: \$251,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of dryvit exterior construction with 3,180 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full basement, central air conditioning, a fireplace, and a 693 square foot garage. The property has an approximately 5,520 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with 1-story homes of brick exterior construction ranging in size from 3,022 to 3,154 square feet of living area. The dwellings were built in 2000 or 2001. Each home has central air conditioning and a garage ranging in size from 440 to 462 square feet of building

area. Two homes each have a basement and two homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$159,128 to \$165,902 or from \$52.60 to \$52.69 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$167,427 or \$52.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$251,700. The subject property has an improvement assessment of \$172,655 or \$54.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 1-story homes of dryvit exterior construction ranging in size from 2,916 to 3,164 square feet of living area. The dwellings were built in 2000 or 2001. Each home has a full basement, central air conditioning, and a garage ranging in size from 441 to 672 square feet of building area. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$160,379 to \$172,260 or from \$54.44 to \$55.00 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3, which does not have a basement like the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 and the board of review's comparables, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$159,128 to \$172,260 or from \$52.66 to \$55.00 per square foot of living area. The subject's improvement assessment of \$172,655 or \$54.29 per square foot of living area falls above the range established by the best comparables in terms of total improvement assessment but within the range on a per square foot basis, which appears to be justified given the subject's larger garage. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
