

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jane Williams  
DOCKET NO.: 20-01315.001-R-1  
PARCEL NO.: 16-05-407-021

The parties of record before the Property Tax Appeal Board are Jane Williams, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$93,426  
**IMPR.:** \$240,163  
**TOTAL:** \$333,589

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,104 square feet of living area. The dwelling was constructed in 1985 and is approximately 35 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 672 square foot garage. The property has a 15,611 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal; no dispute was raised concerning the land assessment. In support of this argument the appellant submitted information on four equity comparables improved with two-story homes of brick or wood siding exterior construction ranging in size from 3,970 to 4,195 square feet of living area. The dwellings are from 31 to 35 years old. The homes each have an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 726

to 820 square feet of building area. The comparables are located from 0.14 to 0.22 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$205,258 to \$227,347 or from \$51.70 to \$54.27 per square foot of living area. Based upon this evidence, the appellant requested the subject property's improvement assessment be reduced to \$219,871 or \$53.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$333,589. The subject property has an improvement assessment of \$240,163 or \$58.52 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story homes of brick exterior construction ranging in size from 4,052 to 4,399 square feet of living area. The dwellings were built from 1986 to 1989. The homes each have a basement, one of which has a recreation room, central air conditioning, one or two fireplaces, and a garage ranging in size from 506 to 925 square feet of building area. The comparables are located from 0.05 to 0.27 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$242,126 to \$271,350 or from \$58.87 to \$61.85 per square foot of living area. Based upon this evidence, the board of review requested confirmation of the subject property's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #5, due to its recreation room which the subject does not feature.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #1 through #4, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$205,258 to \$261,981 or from \$51.70 to \$60.53 per square foot of living area. The subject's improvement assessment of \$240,163 or \$58.52 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
