

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martin Taylor
DOCKET NO.: 20-01326.001-R-1
PARCEL NO.: 16-32-315-024

The parties of record before the Property Tax Appeal Board are Martin Taylor, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,453
IMPR.: \$131,008
TOTAL: \$185,461

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,508 square feet of living area. The dwelling was constructed in 1969 and is approximately 51 years old. Features of the home include a part basement part concrete slab foundation with a 585 square foot recreation room¹, central air conditioning, one fireplace, and a 483 square foot garage. The property has an approximate 10,720 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

¹ The parties differ regarding the subject's foundation type. The Board finds the best evidence of foundation type is found in the subject's property record card presented by the board of review, which contains a schematic drawing showing a part basement part concrete slab foundation.

comparables with the same assessment neighborhood code as the subject and located within .25 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,159 to 2,834 square feet of living area. The dwellings range in age from 47 to 50 years old. The comparables each have a full basement, one of which has 814 square feet of finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 440 to 581 square feet of building area. The comparables have improvement assessments that range from \$89,109 to \$125,251 or from \$38.58 to \$44.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$105,273 or \$41.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,461. The subject property has an improvement assessment of \$131,008 or \$52.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .36 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,522 to 2,880 square feet of living area. The dwellings were built from 1972 to 1997, with comparable #5 having a reported effective date of 1977. Each dwelling has a full or partial basement, one of which has 607 square feet of finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 440 to 515 square feet of building area. The comparables have improvement assessments that range from \$133,931 to \$143,757 or from \$49.92 to \$54.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as well as board of review comparables #2 through #5 which have unfinished basements unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #1 which are similar in location, design, age, dwelling, finished basement and other features. These comparables have improvement assessments of \$125,251 and \$135,874 or \$44.99 and \$52.54 per square foot of living area, respectively. The subject's improvement assessment of \$131,008 or \$52.24 per square foot of living area is bracketed by the two best comparables in the record on a per square foot basis but below their assessments on an overall basis. Based on this record and after considering adjustments to the two best

comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
