

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elliot Solomon
DOCKET NO.: 20-01331.001-R-1
PARCEL NO.: 16-21-207-012

The parties of record before the Property Tax Appeal Board are Elliot Solomon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$89,640
IMPR.: \$218,197
TOTAL: \$307,837

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 4,337 square feet of living area. The dwelling was constructed in 1991 and is approximately 29 years old. Features of the home include an unfinished full basement, central air conditioning, a fireplace and an 805 square foot garage. The property has an approximately 7,000 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction that range in size from 4,138 to 4,208 square feet of living area. The homes are either 29 or 30 years old. Each comparable has a partial basement, one with finished area, central air conditioning, one or

two fireplaces and a garage ranging in size from 529 to 913 square feet of building area. The comparables have improvement assessments that range from \$163,717 to \$205,285 or from \$38.91 to \$49.55 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$198,345 or \$45.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$307,837. The subject has an improvement assessment of \$218,197 or \$50.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparables #3 and #4 are the same properties as the appellant's comparables #2 and #3, respectively. The comparables are improved with one-story dwellings of brick exterior construction that range in size from 3,592 to 4,203 square feet of living area. The homes were built in 1990 or 1991. Each comparable has a full or partial basement, two with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 552 to 913 square feet of building area. The comparables have improvement assessments that range from \$180,162 to \$216,667 or from \$48.84 to \$57.59 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six equity comparables for the Board's consideration, as two properties were common to both parties. The Board gives less weight to board of review comparables #2 and #5 which have a smaller dwelling size when compared to the subject and the other comparables in the record.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$163,717 to \$216,667 or from \$39.91 to \$57.59 per square foot of living area. The subject's improvement assessment of \$218,197 or \$50.31 per square foot of living area falls above the range established by the best comparables in this record on an overall basis and within the range on a per square foot basis. Given the subject's larger dwelling size when compared to the best comparables in the record, a higher overall value appears logical. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
