

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rajinder Singh
DOCKET NO.: 20-01332.001-R-1
PARCEL NO.: 16-08-108-011

The parties of record before the Property Tax Appeal Board are Rajinder Singh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$156,512
IMPR.: \$283,024
TOTAL: \$439,536

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,776 square feet of living area. The dwelling was constructed in 1991 and is 29 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and an attached 1,100 square foot garage. The property has a 59,677 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 5,477 to 6,191 square feet of living area and are 32 years old. Each comparable has a full basement with one having finished area, central air conditioning, two or three fireplaces and

an attached garage that ranges in size from 858 to 1,123 square feet of building area. The comparables have improvement assessments that range from \$246,024 to \$306,186 or from \$44.92 to \$49.46 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$267,862.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$454,104. The subject property has an improvement assessment of \$297,592 or \$51.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. Board of review comparable #2 is the same property as appellant's comparable #2. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 5,502 to 5,793 square feet of living area. The homes were built from 1988 to 1995. The comparables have basements, two of which are finished with a recreation room. Each comparable has central air conditioning, two or three fireplaces and an attached garage that ranges in size from 736 to 1,701 square feet of building area. The comparables have improvement assessments that range from \$234,788 to \$290,465 or from \$42.18 to \$51.16 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration as one comparable was common to both parties. The Board gives less weight to the appellant's comparable #3 and board of review comparables #1 and #5 which have finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which includes the common comparable. These comparables are similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments that range from \$234,788 to \$306,186 or from \$44.92 to \$49.91 per square foot of living area. The subject's improvement assessment of \$297,592 or \$51.52 per square foot of living area falls within the range established by the best comparables in this record on an overall basis but above on a square foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
