

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amy Simon
DOCKET NO.: 20-01333.001-R-1
PARCEL NO.: 16-29-209-013

The parties of record before the Property Tax Appeal Board are Amy Simon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,840
IMPR.: \$255,340
TOTAL: \$296,180

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,755 square feet of living area. The dwelling was constructed in 2004 and is approximately 16 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 462 garage. The property has a 7,919 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 3,607 to 4,218 square feet of living area. The dwellings range in age from 12 to 15 years old. Each home has a full basement, one of which has finished area, central air

conditioning, one to four fireplaces, and a garage ranging in size from 441 to 681 square feet of building area. The comparables have improvement assessments ranging from \$204,113 to \$240,718 or from \$55.58 to \$58.10 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$213,471 or \$56.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$296,180. The subject property has an improvement assessment of \$255,340 or \$68.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables where comparable #4 is the same property as the appellant's comparable #1. The comparables are located within the same assessment neighborhood code as the subject property and are improved with 2-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,682 to 3,818 square feet of living area. The dwellings were built from 2003 to 2005. Each home has a full basement, central air conditioning, a fireplace, and a garage ranging in size from 495 to 744 square feet of building area. The comparables have improvement assessments ranging from \$211,386 to \$277,789 or from \$55.58 to \$72.76 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables, with one common comparable, for the Board's consideration. The Board gives less weight to the appellant's comparable #4, which has finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1/the board of review's comparable #4, the appellant's comparables #2 and #3, and the board of review's comparables #1, #2, #3, and #5, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$204,113 to \$277,789 or from \$55.58 to \$72.76 per square foot of living area. The subject's improvement assessment of \$255,340 or \$68.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
