

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arnold Schwartz
DOCKET NO.: 20-01340.001-R-1
PARCEL NO.: 16-08-103-011

The parties of record before the Property Tax Appeal Board are Arnold Schwartz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,244
IMPR.: \$175,829
TOTAL: \$254,073

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of wood siding exterior construction with 3,160 square feet of living area. The dwelling was built in 1988 and is 32 years old. Features of the home include a basement with a recreation room, central air conditioning, a fireplace, 3 ½ baths and a 759 square foot garage. The property has a 13,400 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as 1-story or 2-story dwellings of wood siding exterior construction ranging in size from 2,959 to 3,364 square feet of living area. The dwellings range in age from 32 to 36 years old and have basements, one of which has finished area. Each comparable has

central air conditioning, 2 ½ to 4 baths and a garage ranging in size from 480 to 922 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$152,611 to \$174,562 or from \$51.58 to \$52.04 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$254,073. The subject property has an improvement assessment of \$175,829 or \$55.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. Comparable #3 was a duplicate of appellant's comparable #3. The comparables are described as 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,264 to 3,364 square feet of living area. The dwellings were constructed from 1984 to 1990. The comparables have basements, two of which are finished with a recreation room. Each comparable has central air conditioning, 2 ½ or 3 ½ baths, one or two fireplaces, and a garage ranging in size from 462 to 922 square feet of building area. The comparables have improvement assessments ranging from \$173,195 to \$180,131 or from \$51.89 to \$55.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration as one comparable was common to both parties. The Board gives less weight to appellant's comparable #1 due to its dissimilar design when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties remaining comparables which are relatively similar to the subject in location, age, dwelling size and some features. However, four comparables have inferior unfinished basements, five comparables have one less full bath, and five of the comparables have smaller garages when compared to the subject. Nevertheless, these comparables have improvement assessments ranging from \$164,242 to \$180,131 or from \$51.69 to \$55.19 per square foot of living area. The subject's improvement assessment of \$175,829 or \$55.64 per square foot of living area falls within the range on an overall basis established by the best comparables in the record but slightly above on a square foot basis. However, after considering adjustments to the best comparables for differences including features when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
