

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Crain
DOCKET NO.: 20-01353.001-R-1
PARCEL NO.: 16-29-109-033

The parties of record before the Property Tax Appeal Board are Andrea Crain, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,707
IMPR.: \$173,558
TOTAL: \$232,265

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction with 3,319 square feet of living area. The dwelling was built in 1985 and is approximately 35 years old. Features of the home include a partial basement and partial slab foundation. The subject also has central air conditioning, one fireplace and an attached garage with 556 square feet of building area. The property has a 16,104 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,160 to 4,252 square feet of living area. The homes range in age from 27 to 70 years old. Three comparables have full or partial basements that are partially finished and

one comparable appears to have a partial basement and partial slab foundation. Each comparable has central air conditioning, one or two fireplaces and an attached garage ranging in size from 462 to 484 square feet of building area. The comparables are located from approximately .02 to .11 of one mile from the subject property. The comparables have improvement assessments ranging from \$141,611 to \$202,071 or from \$44.81 to \$48.95 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$155,744.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$232,265. The subject property has an improvement assessment of \$173,558 or \$52.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,018 to 3,634 square feet of living area. The descriptions provided by the board of review indicates each property has a slab foundation, however, comparable #3 is also described as having a recreation room in the basement. Each property has central air conditioning, one fireplace and an attached garage ranging in size from 440 to 713 square feet of building area. The comparables are located from approximately .08 to .14 of one mile from the subject property. The comparables have improvement assessments ranging from \$166,607 to \$199,171 or from \$51.20 to \$55.51 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 as well as the board of review comparables. These comparables are similar to the subject property in location, size, age and most features. These comparables have improvement assessments that range from \$141,611 to \$199,171 or from \$44.81 to \$55.51 per square foot of living area. The subject's improvement assessment of \$173,558 or \$52.29 per square foot of living area falls within the range established by the best comparables in this record. Less weight is given to the appellant's comparables #2 and #3 due to differences from the subject in dwelling size and the fact that comparable #3 is 35 years older than the subject dwelling. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
