

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abigail Rubin  
DOCKET NO.: 20-01368.001-R-1  
PARCEL NO.: 16-29-203-098

The parties of record before the Property Tax Appeal Board are Abigail Rubin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$72,139  
**IMPR.:** \$114,627  
**TOTAL:** \$186,766

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,786 square feet of living area. The dwelling was constructed in 1978 and is 42 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 572 square foot garage. The property has an approximately 23,560 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,890 to 3,228 square feet of living area. The dwellings range in age from 49 to 55 years old. The appellant reported each comparable has an unfinished basement, central air

conditioning, one fireplace and a garage that ranges in size from 441 to 484 square feet of building area. The comparables have improvement assessments that range from \$107,200 to \$124,781 or from \$37.09 to \$38.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$105,450.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,766. The subject property has an improvement assessment of \$114,627 or \$41.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,723 to 3,032 square feet of living area. The dwellings were built from 1968 to 1971. Each comparable has a basement with two having a recreation room, central air conditioning, one fireplace and a garage that ranges in size from 420 to 758 square feet of building. The comparables have improvement assessments that range from \$121,362 to \$137,893 or from \$44.57 to \$45.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 along with board of review comparables #2 and #3 due to differences in age when compared to the subject or having a recreation in the basement unlike the subject. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and comparable #1 submitted by the board of review which are overall more similar to the subject in location, design, dwelling size, age and features. These two comparables have improvement assessments of \$116,137 and \$137,893 or \$38.30 and \$45.48 per square foot of living area. The subject's improvement assessment of \$114,627 or \$41.14 per square foot of living area falls below the two best comparables in the record on an overall basis but is bracketed on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
