

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ward Ross
DOCKET NO.: 20-01370.001-R-1
PARCEL NO.: 16-09-108-022

The parties of record before the Property Tax Appeal Board are Ward Ross, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,477
IMPR.: \$96,937
TOTAL: \$162,414

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,322 square feet of living area. The dwelling was constructed in 1965. Features of the home include a concrete slab foundation, central air conditioning, two fireplaces, and an attached 528 square foot garage. The property has a 12,750 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,272 to 2,613 square feet of living area and range in age from 51 to 57 years old. Each comparable has a concrete slab foundation and central air

conditioning. Three comparable each have one fireplace and three comparables each have an attached garage ranging in size from 484 to 529 square feet of building area. The appellant reported "None/504" in the garage section for comparable #3. The comparables have improvement assessments that range from \$86,179 to \$105,305 or from \$35.27 to \$40.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$88,990.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,414. The subject property has an improvement assessment of \$96,937 or \$41.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,022 to 2,333 square feet of living area. The homes were built from 1970 to 1979. Three comparables have partial or full unfinished basements and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one fireplace and an attached garage that ranges in size from 400 to 578 square feet of building area. The comparables have improvement assessments that range from \$86,744 to \$123,570 or from \$42.90 to \$55.51 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2 and #3 due to difference in foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #4 which overall are more similar to the subject in location, age, dwelling size, and features. These comparables have improvement assessments that range from \$86,179 to \$105,305 or from \$35.27 to \$44.97 per square foot of living area. The subject's improvement assessment of \$96,937 or \$41.75 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
