

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jamie Robin
DOCKET NO.: 20-01376.001-R-1
PARCEL NO.: 16-29-110-002

The parties of record before the Property Tax Appeal Board are Jamie Robin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,665
IMPR.: \$370,499
TOTAL: \$447,164

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,966 square feet of living area. The dwelling was constructed in 2009 and is approximately 11 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a 777 square foot garage. The property has an approximately 16,050 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 4,327 to 5,539 square feet of living area. The dwellings range in age from 9 to 16 years old. Each home has a full basement, three of which have finished area, central air

conditioning, a fireplace, and a garage ranging in size from 724 to 1,032 square feet of building area. The comparables have improvement assessments ranging from \$267,093 to \$340,991 to \$59.96 to \$61.73 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$447,164. The subject property has an improvement assessment of \$370,499 or \$74.61 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1-story or 2-story homes of brick or brick and wood siding ranging in size from 4,148 to 5,129 square feet of living area. The dwellings were built from 2005 to 2013. Each home has a full basement, two of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 693 to 1,027 square feet of building area. The comparables have improvement assessments ranging from \$310,446 to \$409,207 or from \$74.84 to \$79.78 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, and #4 and the board of review's comparables #1, #2, and #4, due to substantial differences from the subject in design, dwelling size, and/or basement finish.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparable #3, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments of \$272,120 and \$370,691 or \$59.96 and \$77.13 per square foot of living area, respectively. The subject's improvement assessment of \$370,499 or \$74.61 per square foot of living area is bracketed by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
