

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ahsan Rahim
DOCKET NO.: 20-01384.001-R-1
PARCEL NO.: 16-07-102-043

The parties of record before the Property Tax Appeal Board are Ahsan Rahim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$175,171
IMPR.: \$268,067
TOTAL: \$443,238

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 5,438 square feet of living area. The dwelling was constructed in 1989 and is approximately 31 years old. Features of the home include a partial basement with 1,693 square feet of finished area, central air conditioning, two fireplaces, and a 912 square foot garage. The property has an approximately 60,112 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 4,386 to 5,687 square feet of living area. The dwellings are 31 or 32 years old. Two homes each

have a partial basement with 455 or 898 square feet of finished area and two homes each have a concrete slab foundation. Each home has central air conditioning, two or three fireplaces, and a garage ranging in size from 736 to 975 square feet of building area. The comparables have improvement assessments ranging from \$184,728 to \$242,347 or from \$39.52 to \$43.68 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$443,238. The subject property has an improvement assessment of \$268,067 or \$49.30 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. Comparables #1 and #5 are the same properties as the appellant's comparables #2 and #4, respectively. The comparables are improved with 2-story homes of brick or brick and wood siding exterior construction ranging in size from 4,386 to 6,166 square feet of living area. The dwellings were built from 1988 to 1991. Each home has a full or partial basement with 455 to 1,600 square feet of finished area, central air conditioning, two or three fireplaces, and a garage ranging in size from 748 to 975 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$184,728 to \$285,193 or from \$42.12 to \$52.08 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables, with two common comparables, for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3, which each have a concrete slab foundation compared to the subject's partial basement foundation. The Board gives less weight to the appellant's comparable #2/board of review's comparable #1, which is a much smaller home than the subject dwelling. The Board gives less weight to the board of review's comparable #3, due to its inground swimming pool which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4/board of review's comparable #5 and the board of review's comparables #2 and #4, which are relatively similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$208,155 to \$255,389 or from \$43.68 to \$52.08 per square foot of living area. The subject's improvement assessment of

\$268,067 or \$49.30 per square foot of living area falls above the range established by the best comparables in terms of total improvement assessment but within the range on a per square foot basis, which is logical given that the subject is a larger home with greater finished basement area than the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
