

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peyton Owen, Jr.  
DOCKET NO.: 20-01393.001-R-1  
PARCEL NO.: 16-05-402-051

The parties of record before the Property Tax Appeal Board are Peyton Owen, Jr., the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$93,426  
**IMPR.:** \$220,501  
**TOTAL:** \$313,927

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of brick construction with 4,148 square feet of living area. The dwelling was built in 1987 and is approximately 33 years old. Features of the home include an unfinished partial basement, central air conditioning, one fireplace and an attached garage with 884 square feet of building area. The property has a 16,308 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story or two-story dwellings of brick or wood siding exterior construction ranging in size from 3,738 to 4,863 square feet of living area. The comparables range in age from 33 to 36 years old. Two comparables have unfinished basements and two comparables have slab foundations. Each comparable has central air conditioning, one or two

fireplaces and an attached garage ranging in size from 690 to 825 square feet of building area. The comparables have improvement assessments ranging from \$164,297 to \$246,322 or from \$43.95 to \$51.70 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$203,874.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$313,927. The subject property has an improvement assessment of \$220,501 or \$53.16 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick exterior construction that range in size from 4,104 to 4,387 square feet of living area. The dwellings were built from 1985 to 1989. Four comparables have full basements with two having finished area and one comparable has a slab foundation. Each comparable has central air conditioning, one or two fireplaces and an attached garage ranging in size from 672 to 768 square feet of building area. The comparables are located from approximately .04 to .17 of one mile from the subject property. The comparables have improvement assessments ranging from \$219,557 to \$271,350 or from \$53.50 to \$61.85 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains information on nine comparables submitted by the parties to support their respective positions. The Board gives little weight to appellant's comparable #1 due to differences from the subject in dwelling style. The Board gives less weight to appellant's comparables #2 and #3 as well as board of review comparable #3 due to differences from the subject in foundation as well as the fact that appellant's comparable #3 is approximately 17% larger than the subject dwelling. The Board finds the best evidence of assessment equity to be appellant's comparable #4 and board of review comparables #1, #2, #4 and #5 which are most similar to the subject in size and features. These comparables have improvement assessments that range from \$205,258 to \$271,350 or from \$51.70 to \$61.85 per square foot of living area. The subject's improvement assessment of \$220,501 or \$53.16 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
