

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Irwin Mandel
DOCKET NO.: 20-01417.001-R-1
PARCEL NO.: 16-28-410-010

The parties of record before the Property Tax Appeal Board are Irwin Mandel, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,641
IMPR.: \$179,004
TOTAL: \$215,645

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 2,278 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 506 square foot garage. The property has an approximately 3,500 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction with 2,278 or 2,292 square feet of living area. Each dwelling is 32 years old and has an unfinished partial basement, central air conditioning, a fireplace and a garage with 506 square feet of building area. The comparables

have improvement assessments of \$168,263 and \$170,960 or \$73.86 and \$74.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$169,407 or \$74.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,645. The subject property has an improvement assessment of \$179,004 or \$78.58 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction, each built in 1988. Each dwelling has 2,278 square feet of living area, an unfinished full or partial basement, central air conditioning, a fireplace and a garage with 506 square feet of building area. The comparables each have an improvement assessment of \$181,895 or \$79.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested equity comparables for the Board's consideration. The Board finds all of the comparables are similar to the subject in location, dwelling size, design, age and some features. However, the Board finds the best evidence of assessment equity to be the appellant's comparable #1, along with board of review comparables #2 and #3, which are identical to the subject in dwelling size, design, age and features. These three comparables have improvement assessments of \$168,263 and \$181,895 or \$73.86 and \$79.85 per square foot of living area. The subject has an improvement assessment of \$179,004 or \$78.58 per square foot of living area, which is supported by the three best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
