

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marian Fadrowski  
DOCKET NO.: 20-01429.001-R-1  
PARCEL NO.: 13-09-402-011

The parties of record before the Property Tax Appeal Board are Marian Fadrowski, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,132  
**IMPR.:** \$179,484  
**TOTAL:** \$223,616

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 4,768 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement, central air conditioning, two fireplaces, and 916 square foot garage. The property has a 68,499 square foot, or 1.573 acre, site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales.<sup>1</sup> The comparables are located from 0.18 of a mile to 1.20 miles from the subject and two comparables are located within the same assessment neighborhood code as the subject. The parcels range in size from 16,117 to 48,936 square feet, or 0.370 of an acre to 1.123 acres, of land area. The comparables are improved with 2-story homes of frame or frame and brick exterior construction ranging in size from 3,636 to

<sup>1</sup> The appellant presented four comparables but provided sale data for only three of these comparables.

4,363 square feet of living area. The dwellings were built from 1987 to 2001. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a garage.<sup>2</sup> The comparables sold from July 2017 to July 2019 for prices ranging from \$450,000 to \$585,000 or from \$123.76 to \$134.08 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$200,500 which would reflect a market value of \$601,560 or \$126.17 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,616. The subject's assessment reflects a market value of \$671,721 or \$140.88 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales. The comparables are located from 1.01 to 2.13 miles from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 37,990 to 76,190 square feet, or 0.8722 of an acre to 1.7490 acres, of land area. The comparables are improved with 1.5-story or 2-story homes of brick or wood siding exterior construction ranging in size from 4,026 to 5,142 square feet of living area. The dwellings were built from 1990 to 1998. Each home has a basement, four of which have finished area and one of which is a walkout basement. Each home also has central air conditioning, two to four fireplaces, and a garage ranging in size from 748 to 1,098 square feet of building area. Comparable #4 has an inground swimming pool. The comparables sold from September 2019 to November 2020 for prices ranging from \$665,000 to \$850,000 or from \$145.86 to \$180.16 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 and the board of review's comparable #4, due to significant differences from the subject in dwelling size. Moreover, the appellant's comparables #2 and #4 sold less proximate in time to the January 1, 2020 assessment date and the board of review's comparable #4 has an inground swimming pool which is not a feature of the subject.

---

<sup>2</sup> The appellant did not provide the garage sizes but indicated that each comparable has a garage. Such omission does not prevent the Board from conducting a meaningful analysis of these comparables.

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables #1, #2, #3, and #5, which are similar to the subject in dwelling size, age, location, and some features. These most similar comparables from July 2019 to November 2020 sold for prices ranging from \$585,000 to \$850,000 or from \$134.08 to \$180.16 per square foot of living area, including land. The subject's assessment reflects a market value of \$671,721 or \$140.88 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
